Show Rules

The Inter-City Show is open to anyone wishing to enter. Those wishing to enter who are not members of one of the host clubs should contact a Show Chairman at least one week prior to the show.

Plants entered in the show competition should have been in the owner's possession a minimum of 6 months.

Plants entered in the show should not be field collected.

All plants must be free of pests - the show committee may remove any unsuitable material from the Show or Sale at any time.

Exhibits should be marked with the owner's name not visible to the judges. Exhibitors are responsible for placing entry cards with exhibits prior to the judging. All judge's decisions are final, and the show committee decisions are final.

Awards and exhibits must remain until the end of the show, 5 pm Sunday August 6, 2023.

The three host clubs and the show committee will not assume responsibility for the loss or injury of property.

The show committee reserves the right to move or adjust plants, categories, and displays to improve or facilitate a better show.

All commercial growers or vendors in the Inter-City Show must either enter a display or enter a minimum of 10 plants in the Open class.

Inch measurements as indicated in the show categories refer to the inside diameter of the pot.

Plants with 30% or more Variegation, Crest, or Monstrose may only appear in such categories except for variegation in Gasteria and Sansevieria.

A Rookie Novice is one who has not shown more than 10 plants cumulative.

Plant stands may only be used in the Bonsai class or with plants that cascade below the bottom edge of the pot. For odd-shaped pots, size is determined by adding the length and width together and dividing by two.

Awards

First, second and third place ribbons will be awarded in each class from Divisions 1 to 3.

Special Rosettes will also be given for 26 outstanding entries.

Award Pots kept by the winners include: Sweepstakes overall show, Best Cactus and Best Succulent in all three classes, High Points Cactus and High Points Succulents in all three classes.

Trophies awarded as perpetuals include:
